CHOICE OF OPTIONAL COURSES

Name of the student__________________ College _________________________

Exam. Roll No of Part I_________________________ Category_______________________

Gender____________________ State of Domicile_______________________________

Mobile/ Phone No.________________________ E-mail id _________________________

Total marks = _________ (Part-I Marks ________/400 and Internal Assessment marks (Sem.-II) ________/120)

Percentage - ______________ ER if any ______________, No change in the choices will be allowed after the submission of this form.

(Option will be given on the basis of the marks of Part – I and I.A. (Sem.-II). Enclose a copy of the Result of Part – I.

Indicate preferences by writing 1, 2, 3 or 4 in group of the following options.

MATH14 301: (A) Algebraic Topology (     )
(B) Rep. of Finite Groups (     )
(C) Commutative Algebra (     )

MATH14 302: (A) Fourier Analysis (     )
(B) Matrix Analysis (     )
(C) Theory of Bounded Operators (     )

MATH14 303: (A) Advanced Complex Analysis (     )
(B) Measure Theory (     )
(C) Topology – II (     )

MATH14 304: (B) Computational Fluid Dynamics (     )
(C) Computational Methods for ODES (     )
(D) Mathematical Programming (     )
(E) Methods of Applied Mathematics (     )
