Option Form for Dissertation Component under Structure-II

Two-Year M.Sc. Mathematics Part – II Sem III (2026-27)

Eligibility:

- (a) The student must have secured a **minimum CGPA of 7.5** in Part-I of M.Sc. Mathematics.
- (b) The student must have **no ER (Essential Repeat)** in Part-I of M.Sc. Mathematics.

Guidelines:

- (a) The Dissertation carries 6 credits (in each semester) and is offered in lieu of one DSE and one SBC course.
- (b) A supervisor will be allotted to each student based on the student's preferred research area, subject to the availability of the supervisor.
- (c) Under the guidance of the supervisor, the research work will commence in Semester III and will be completed in Semester IV.
- (d) The number of seats available for the Dissertation component is limited and will be allotted strictly on the basis of the CGPA obtained by the student in Part-I of M.Sc. Mathematics.

Name: _____ College/ Department: _____

Mobile No.: _____ University Roll No: _____

Email: _____

CGPA (Part – I) _____ (Attach self-attested copy of mark-sheet)

Indicate preferences by writing 1, 2, 3 and 4 (only) for the following research areas in which you wish to undertake the research and write dissertation:

Algebra	()
Complex Analysis	()
Differential Equations	()
Fluid Dynamics	()
Functional Analysis	()
Numerical Analysis and Optimization	()
Topology and Dynamical Systems	()

Dated: _____
